58BW FLUSH HI
Window

ENERGY EFFICIENT
PART L COMPLIANT
FOR A GREENER HOME

The 58BW Flush window combines minimal sightlines and maximum weather resistance with all the best features of the tried and trusted 58BW range: advanced performance, versatility and security.

With a choice of slim sashes and a range of configuration options, the flush finish and slim sightlines of the 58BW Flush make this the perfect choice for contemporary new-build and refurbishment projects.

A double rebate provides market-leading weather performance, even in more exposed locations, and the 58BW Flush utilises common hardware with the existing 58BW and Heritage ST window ranges to ensure it can withstand a range of weather conditions.

The 58BW Flush shares the same sashes, features and hardware with the 70mm frame option for the 58BW suite, making it quicker and easier to fabricate with just three new profiles.

DESIGN FEATURES

❯ Advanced weather performance – features like the double rebate, and friction stays on side-hung windows offer protection against bad weather conditions

❯ Slimmer sightlines – 45mm ultra-slim sash suits a range of property styles

❯ Unique polyamide thermal break design to improve thermal performance
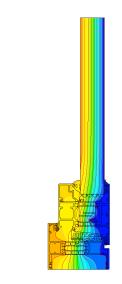

❯ Tested to PAS 24

OPTIONS

❯ Open-out sashes including top and side-hung.

❯ The flush shadow line can be complimented with a choice of flat, putty line or stepped edge (crittal style) vent styles to suit the property

❯ Available in a range of standard and RAL colours.

❯ Stock offer - readily available on a 5-day lead time in colours 9910HG, 7016M, and 9005M as well as dual colour white/grey and white/black.
